

SALT LAKERS FOUNDATION

Sponsorship Information

To whom it may concern,

The Salt Lakers Foundation is a non-profit organization, created by former female collegiate athletes dedicated to creating a positive environment through the game of basketball, to the female youth residing in Salt Lake County; specifically in the underserved communities in the valley. Our program consists of 60+ female youth ranging from 8-16 years old. We pride ourselves in the diversity and inclusion aspect of our foundation.

Our teams compete in both leagues/tournaments year around, as well as out of state tournaments in the western United States. We want to provide our players with as many opportunities to compete in tournaments/leagues without the worry of cost. Your assistance allows our players to focus on the developmental parts of the game, improving their skills to reach their potential. The last thing we want is for players and parents to feel like their daughters cannot participate, due to finances.

We have several sponsorship options which can be found on the next page for you to consider and we appreciate you taking your time looking at them regardless of whether you decide to sponsor our foundation or not. Thank you for your time and thank you in advance should you decide to sponsor our female athletes. If you would like more information, please contact:

Erica Martinez at (801) 649-9222

or at saltlakersfamily@hotmail.com

Sincerely,

Salt Lakers Foundation

“Surrender the ME for WE”
